The Director of Community
Development, MADRAS.

Sir,

COMMUNITY PROJECT--NATIONAL EXTENSION SERVICE AND LOCAL DEVELOPMENT WORKS--South Kanara--District--Creation of a Special Division--and sub division--Sanctioned till 31-8-1955 Abolition proposals--Submitted.

Ref: 1.G.O.Ms.No.2237 Pub.R.D.P. Dept. Dt. 17-11-54.
2.G.O.Ms.No.838 Pub. Dt. 12-3-1955.

RDP VI

RDP XII 1955

In the G.O. cited (1), a special division consisting of one Divisional Engineer with the usual staff and a special sub division consisting of an Asst.Engineer, two Junior Engineers and the requisite staff were created and sanctioned upto 28-2-1955. Their continuance till 31-8-1955 has been sanctioned in the G.O. (2) cited.

2. The Spl. Division was created mainly for work connected with Community Project and the spl.sub division is primarily intended to expedite execution of Local Development works and local works under the National Extension Service in the district.

3. The Spl. Divisional Engineer was sanctioned as an exceptional measure for this Community Project area, with a view to expedite technical sanctions to estimates costing above Rs. 5,000/- as the progress of civil works in the community project area had been retarded owing to delays in according technical sanctions to estimates by the Divisional Engineer (H) and the Executive Engineer (P.W.D.) who were not able to attend to estimates relating to Community Project works with promptitude as required.

4. Eversince the Divisional Engineer joined duty in the 3rd week of December, he has been able to accord technical sanction to all the estimates which are beyond the competence of the Asst. Engineers except a few which are expected to be ready by the close of this month. Now that the Asst. Engineers are competent to sanction estimates upto Rs. 10,000/- and as the work relating to technical sanction to estimates of above Rs. 10,000/- has now been completed by the Spl. Divisional Engineer, there is no necessity for the continuance of thepost of the Spl. Divisional Engineer. Besides, the expenditure towards the Special Division is debitable to Community Project funds, which will be an addl. drain on the establishment charges from the Community Project funds.

5. All the above facts were represented to the Director of Community Development during his recent visit to this district by the Project Executive Officer and the Divisional Engineer (C.P.) and it was also explained to him that the*extension of the Spl. Divisional Engineer would be necessary only if he were to supervise the progress of Community Project works and Local Development works in the Community Project and National Extension service areas as a Controlling Authority.

Pub. no 3751 RDP VI/55-1
dt 27/5/55

The Project Executive Officer tells me that the Director of Community Development was pleased to instruct that proposals could be submitted for the abolition of the Special Division with effect from 1-6-1955 in consultation with the Collector. The continuance of the Special Division beyond 1-6-1955 doesnot seem necessary as the main purpose for which it was created has been fulfilled.

In the circumstances, I recommend that the Government may be moved to abolish the Special Division with effect from 1-6-1955.

It is however, represented by the Project Executive Officer that the accounting work under 'Civil works' passing of bills etc. in his office is rather unwieldy and has fallen into arrears and it is not possible for the existing meagre staff of one accountant, one U.D.A. and one L.D.C. to cope with it. It is, therefore, urged by the Project Executive Officer that out of the staff sanctioned under the Special Division, two L.D.Cs may be retained and allowed to work in the Project Executive Officer's Office on abolition of this Division till the expiry of the period already sanctioned, i.e. 31--8--1955 so that the arrears may be cleared. I am inclined to agree with the Project Executive Officer that the accounting work in his office is too heavy for the existing staff to prove equalto it and, therefore, recommend that the Government may be moved to retain 2 L.D.Cs out of the staff sanctioned for the Special Division on its abolition with effect from 1--6--1955.

Yours Faithfully,

For Collector.

whichever is earlier, was sanctioned in G.O.M.S. No 838 Public (RDP) dated 12-3-'55.

[P.T.O]

The Divisional Engineer of the Special Division has been according technical sanction to all the estimates which are beyond the competence of the Assistant Engineer. The Assistant Engineers are competent to sanction estimates up to Rs10,000. The Divisional Engineer has to accord technical sanction to all the estimates exceeding Rs10,000. The Collector of South Kanara has reported in his letter at pages 1–3 c/f that the work relating to technical sanction to estimates exceeding Rs10,000 has been completed by the Divisional Engineer, and that the main purpose for which the Special Division was created has been fulfilled. The Collector has therefore recommended that the Special Division may be abolished with effect from 1-6-'55. ✓ 'A' on p 3 c/f

The Project Executive Officer, Mangalore, has represented to the Collector of South Kanara that the accounting work under 'Civil Works' passing of bills etc in his office, has become unwieldy and has fallen into arrears, and that it will not be possible to clear off all the arrears with the existing staff. The Project Executive officer has requested that two Lower division clerks of the Special Division may be allowed to work in his office till 31-8-'55 for clearing off all the arrears. The Collector of South Kanara has recommended the grant of the ~~that two Lower division clerks of the Special Division may be allowed to work in the office of the Project Executive Officer, Mangalore till 31-8-'55.~~ x 'M' on p 3 c/f → 'M' on p 3 c/f Δ 'N' on p 3 c/f

A above :- It may be mentioned in this connection that it is not proper to divert the staff sanctioned for a specific work to another item of work. As the main purpose for which the special division was

created is stated to have been fulfilled, the entire staff of the division sanctioned for the specific work will have to be disbanded forthwith. If any additional staff is required for any other item of work, the need for them will have to be examined separately and sanction accorded afresh. (In view of) ~~Following~~ the above general principle, it is not proper to retain 2 LDCs out of the staff sanctioned for the Spl Division on its abolition for attending to the work in the P.E.O's Office, Mangalore. As the orders in the matter have already been issued, Fin need not pursue it.
